About Future First

Future First works across the UK to help build and activate thriving school alumni networks, making sure that all young people have access to relatable role models, trusted mentors and meaningful social capital.

Working in partnership with schools, colleges, funders and a range of employers, our vision is of 'a world in which a young person's background never limits their future', and today our work has never been more important.

About the role

This is a key role in Future First's operations team, working closely with the Director of Operations & Finance and the wider team to ensure the smooth running of the organisation's day to day operations. The role encompasses finance, HR and technology.

We are seeking a highly organised self-starter to support the charity's operations function. The successful candidate will need to be able to work to tight deadlines and prioritise workload, while enthusiastically championing Future First and our values internally and externally.

The Operations Officer will need to have some presence in our London office, but we are very open to agreeing a flexible working pattern to best suit the right candidate.

Duties and responsibilities

1. Finance

- Support the finance team to resolve questions and locate any missing paperwork related to our income and expenditure.
- Prepare payments to freelance staff and suppliers.
- Prepare payroll data for the outsourced finance team each month, and work with the Director of Operations & Finance to ensure this is approved for payment in a timely manner.
- Submit pension report to provider and ensure payment processed.
- Review invoices to ensure they are accurate, send these invoices to clients, and ensure record keeping of income from schools in both our finance system (Xero) and CRM (Salesforce) is accurate and consistent.
- Carry out regular credit control.
- Ensure accurate record keeping.
- Manage accounts inbox, responding to queries in a timely manner.
- Support with the development of finance processes and systems.

2. Human Resources

- Ensure all HR documentation is up to date and filed for all staff.
- Support line managers with starter and leaver duties.
- Deliver inductions for new starters.
- Ensure up to date policies and procedures are available to staff through the internal Knowledge Base site.
- Support with the development of HR processes and systems.

3. Technology

- Manage the organisation's service desk, prioritising and distributing requests as appropriate.
- Work with the Director of Operations & Finance and Developers to deliver tech roadmaps for our online portal, including scoping and testing fixes and new features.
- Work with the Director of Operations & Finance to ensure internal and external stakeholders are kept informed of portal changes and developments.
- Manage the support and orders inboxes, responding to orders and queries in a timely manner and ensuring customers are kept informed if queries or issues are raised.

4. Other

- Other administrative tasks as required

Operations Officer

Person Specification

Essential:

- Strong administrative skills;
- Excellent attention to detail;
- Highly organised in approach with good planning skills and ability to prioritise workload;
- Able to work on own initiative in a fast paced, dynamic environment;
- Comfortable and confident working both independently and within a team;
- Proficiency in using computers and online systems, with the ability to learn software and new systems quickly and confidently;
- Advanced Microsoft Excel skills;
- Proficiency working with numbers and data;
- Solution focussed with good problem solving skills;
- Warm and friendly, both in person and on the phone;
- Excellent customer service skills;
- Strong written and oral communications skills. Able to communicate effectively with a wide range of stakeholders;
- Can be relied upon to maintain confidentiality where required;
- Willing to go the extra mile.

Desirable:

- Degree or equivalent experience;
- Previous finance/bookkeeping experience, preferably within the charity sector;
- Previous HR experience;
- Experience of using Xero (financial management system);
- Experience of using Jira or other service desk software;
- Good understanding of GDPR and other data protection legislation;
- Experience working with UK state schools and colleges;
- Interest in issues surrounding social mobility and education.
